The Trustees of Debenture holders as well as some debenture holders have filed suit against the Company for recovery of principle amount of debentures as well as interest based on compounded rests; and therefore the settlement reached earlier is put to rest. As per records available with the Company, the amount demanded approximately is Rs. 85,800,000 inclusive of interest by on of the debenture holders. The Company had provided for interest including penal interest of 16% only on simple interest earlier. The Company had reached a settlement with the debenture holders. The debenture holders had agreed to settle the amount payable @ 30% of principal amount outstanding subject to certain terms and conditions which stands cancelled. The Company liquidated some of its assets to pay off the debenture holders after taking necessary approvals from BIFR. However since after taking of the approval, BIFR has been dissolved and the matter is pending in DRT-1, Mumbai. The company had filed a writ petition in High Court of Bombay against an order of deposit of Rs 2 crores by DRAT Chennai and as per the order of High Court the company has in the current year already deposited

Rs 7.5 lacs as security deposit and Rs.5 lacs per month from June 2018 to March 2019 i.e. Rs 50 Lacs. The Company is in negotiations with the NCD Holders. The Company does not anticipate additional interest liability as demanded by the debenture holders due to which Company has not provided interest for the current year as well as company has written back the interest of RS. 133,401,338 provided in the earlier years. We are unable to form our opinion on this as the entire matter is contingent and subject to approval of Appropriate Courts and subject to the application being made and admitted for sale of assets, and further the Company is able to sell the assets post such approval in open market and fetch necessary amount to pay off the debenture holder.

- (b) Attention is invited to sub-note No. 6 of Note No. 37 -Other Notes to Accounts regarding confirmation of account of various parties, the balances have been taken as per books of account. We, in the absence of confirmations, are unable to ascertain the nature of adjustments that may be required in respect of various accounts and the resultant effects thereof on the accounts.
- (c) Attention is invited to sub-note no. 2 (a) of Note No. 37- Other Notes to Accounts. In respect of Inter Corporate Deposits received from Himalaya Machinery Limited, the Company had, based on legal opinion, written back interest amounting to Rs. 23.43 Lac during the financial year ended 31st March 2002. Further the Company has not provided any interest for the period 1.10.2000 to 31.03.2019 the interest of which works out to Rs. 214.79 Lac calculated at simple rests @ 27%. Including current year's interest of Rs. 11.61 Lac.
- (d) Provision for Gratuity payable to employees has been made only up to 31st March, 2006 based on management estimates. Provision for gratuity and retirement benefits for the current year has not been made. In the absence of any actuarial valuation we are unable to quantify the impact of the same on the Statement of Profit and Loss. This practice of the Company is not in conformity with the Ind AS – 19. Attention is invited to sub-note no. 2 (h) of Note No. 37 as regards the decision of hon'ble Labour Court directing the Company to pay a sum of RS. 1299.61 Lac towards labor payments. The Company has filed miscellaneous application before the hon'ble Court for review instead of filing further appeal. Meanwhile, the Company has been able to reach to settelement with few of the employees and has paid agreed amount

of gratuity to these employees as per settlement arrived. To that extent, the Company may have lower liability subject to hon'ble Court's directions. Considering the significance of amount, we are not able to form our opinion in this regard.

- Based on management's perception, the Company has (e) not provided for interest on term loan payable to Kotak Mahindra Bank. We are explained by the management that, it is in negotiation with the bankers as regards repayment of the term loan at a reduced amount than what has been standing to the credit of bankers. although no tangible and Convincing correspondence was made available to us. No finality has been reached as to reduced payment of loan as stated above. No provision for interest payable on this account is made during the year, which the Company otherwise used to provide every year amounting to Rs. 112.88 Lac up to March 31, 2011 on an estimated basis. This apart, interest provided uptill earlier years is shown as payable unlike writing back the same in lines with other bank and debentures. This year, no amount has been quantified by the management as not provided. We also have not been provided with bank loan statement indicating amount outstanding. In absence of any supporting evidence available or for that matter any confirmation from the bankers, we are unable to express our opinion on this item:
- (f) in absence of confirmations from creditors, especially secured creditors, we are unable to opine on the outstanding balances shown in accounts including interest provided and payable thereon.

### Material Uncertainty Related to Going Concern

- (g) Accounts of the Company are prepared on Going Concern basis although entire net worth is eroded, and there are no material business activities carried out by the Company. The Management was hopeful of revival of the Company with the help of BIFR. However, considerable period has elapsed after approaching BIFR which has now ceased, and the Company not making fresh application to NCLT for revival, we are unable to state whether the Company remains a going concern;
- (h) The combined effect of the above qualifications over financial results is not determinable in view of absence of relevant components and information from the management.

### Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134 (5) of the Companies Act 2013 ("the Act") with respect to the preparation of these standalone IndAS financial statements that give a true and fair view of the financial position, financial performance, changes inequity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

### ANNEXURE "B:" REFERRED TO IN REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS OF OUR REPORT OF EVEN DATE

IN CASE OF Indu Nissan Oxo Chemical Industries Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Indu Nissan Oxo Chemicals Industries Limited** ("the Company") as of 31 March 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the

extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in

accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Qualified Opinion**

According to the information and explanations given to us and based on our audit, the following material weaknesses have been identified as at March 31, 2019:

- 1. The Company does not have Internal audit function being carried out following to financial health although it is under legal obligation to do so.
- As stated in our Audit Report, many creditors, secured and unsecured, are subject to confirmation and reconciliation. The secured lenders have not given their account confirmations which involve significant amount payable. Under these circumstances, in our view there remains a material weakness in internal financial control over financial reporting.
- 3. The Company has not properly maintained fixed assets and inventory Registers / Records. We are informed that, these assets are not physically verified by the management on a regular / periodical intervals. In view of this, the objective of safeguarding of assets, in our view, is not met adequately.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, except for the effects / possible effects of the material weaknesses described above on the achievement of the objectives of the control criteria, the Company has maintained, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2019 standalone financial statements of the Company, and these material weaknesses do not affect our opinion on the standalone financial statements of the Company.

#### 1. SIGNIFICANT ACCOUNTING POLICIES :

#### (a) ACCOUNTING CONCEPTS:

The Company follows mercantile system of accounting, and recognises income and expenses on accrual basis that are of significant nature. The financial statement have been prepared to comply in all material respect with the mandatory Accounting standards issued by the Ministry of Corporate Affairs, in accordance with Indian Generally Accepted Accounting Policies and as per the provision of the Companies Act 2013 unless otherwise stated. The Financial Statements of the Company have been prepared to comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013.

#### (b) PROPERTY, PLANT, AND EQUIPMENTS:

Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets. In case of land the Company avails fair value as deemed cost on the date of transition to Ind AS. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Where the Company elects to continue with the carrying value for its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind ASs, measured as per the previous GAAP and it uses that as its deemed cost as at the date of transition after making necessary adjustments as statutorily required.

Property, Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately.

Other Indirect Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use, are considered as pre - operative expenses and disclosed under Capital Work - in - Progress.

Depreciation on Property, Plant and Equipment is provided using written down value method on depreciable amount. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act 2013.

The residual values, useful lives and methods of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains or losses arising from derecognition of a Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised

(c) LeasesLeases are classified as finance leases whenever the terms of the lease, transfers substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating lease

**Leased Assets:** Assets held under finance leases are initially recognised as Assets of the Company at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation.

Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately in Statement of Profit and Loss, unless they are directly attributable to qualifying assets, in which case they are capitalized. Contingent rentals are recognised as expenses in the periods in which they are incurred

A leased asset is depreciated over the useful life of the asset ranging from 18 years to 99 years. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term except where another systematic basis is more representative of time pattern in which economic benefits from the leased assets are consumed.

(d) Intangible AssetsIntangible Assets are stated at cost of acquisition net of recoverable taxes, trade discount and rebates less accumulated amortisation / depletion and impairment losses, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the Intangible Assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Other Indirect Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use, are considered as pre - operative expenses and disclosed under Intangible Assets Under Development.

(f) Attention is invited to Note no. 7 (d) of Notes to Accounts. Based on management's perception, the Company has not provided for interest on term loan payable to Kotak Mahindra Bank. We are explained by the management that, it is in negotiation with the bankers as regards repayment of the term loan at a reduced amount than what has been standing to the credit of bankers, although no tangible and Convincing correspondence was made available to us. No finality has been reached as to reduced payment of loan as stated above. No provision for interest payable on this account is made during the year, which the Company

otherwise used to provide every year amounting to Rs. 112.88 Lac up to March 31, 2011 on an estimated basis. This apart, interest provided uptill earlier years is shown as payable unlike writing back the same in lines with other bank and debentures. This year, no amount has been quantified by the management as not provided. In absence of any supporting evidence available or for that matter any confirmation from the bankers, we are unable to express our opinion on this item;

The amortisation period and the amortisation method for Intangible Assets with a finite useful life are reviewed at each reporting date.

#### (e) Research and Development Expenditure

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are charged to the Statement of Profit and Loss unless a product's technological and commercial feasibility has been established, in which case such expenditure is capitalised

#### (f) Finance Cost

Borrowing costs include exchange differences arising from foreign currency orrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred

#### (g) Inventories

tems of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any, except in case of by-products which are valued at net realisable value. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads net of recoverable taxes incurred in bringing them to their respective present location and condition

Cost of raw materials, chemicals, stores and spares, packing materials, trading and other products are determined on weighted average basis.

#### (h) Impairment of Non-Financial Assets - Property, Plant and Equipment and Intangible Assets

The Company assesses at each reporting date as to whether there is any indication that any Property, Plant and Equipment and Intangible Assets or group of Assets, called Cash nerating Units (CGU) may be impaired. If any such indication exists, the recoverable mount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets

The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

#### (i) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

#### (j) Employee Benefits Expense

The Company does not have defined employee retirement policy as the employee strength does not exceed the statutory minimum.

#### (k) Tax Expenses

The tax expense for the period comprises of current tax and deferred income tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income or in equity. In which case, the tax is also recognised in Other Comprehensive Income or Equity.

- (i) Current taxCurrent tax assets and liabilities are measured at the amount expected to be recovered from or paid to the Income Tax authorities, based on tax rates and laws that are enacted at the Balance sheet date. Current tax is the amount of income taxes payable (recoverable) in respect of the taxable profit (tax loss) for a period. Current tax for current and prior periods to the extent unpaid is recognised as a liability. If the amount already paid in respect of current and prior periods exceeds the amount due for those periods, the excess is recognised as an asset. The benefit relating to a tax loss that can be carried back to recover current tax of a previous period is recognised as and when the benefit can be reliably measured.
- (ii) Deferred taxDeferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

(I) Foreign Currencies Transactions and TranslationTransactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets which are capitalized as cost of assets. Additionally, exchange gains or losses on foreign currency borrowings taken prior to April 1, 2016 which are related to the acquisition or construction of qualifying assets are adjusted in the carrying cost of such assets.

Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair

value gain or loss is recognised in Other Comprehensive Income or Statement of Profit and Loss are also recognised in Other Comprehensive Income or Statement of Profit and Loss, respectively).

#### (m) Earnings Per Share

The Company reports basic and diluted earnings per share in accordance with Ind AS–33 "Earnings Per Share." Basic earnings per share is calculated by dividing profit or loss attributable to ordinary equity holders of the parent entity (the numerator) by the weighted average number of ordinary shares outstanding (the denominator) during the period. Diluted earnings per share is calculated after adjusting profit or loss attributable to ordinary equity holders, and the weighted average number of shares outstanding, for the effects of all dilutive potential ordinary shares.

#### (n) Provisions, Contingent Liabilities and Contingent Assets

Contingent liabilities as defined in Ind AS-37 "Provisions, Contingent Liabilities and Contingent Assets" are disclosed by way of notes to accounts. Provision is made if it becomes probable that an outflow of future economic benefits will be required for an item previously dealt with as a contingent liability.

#### (o) Cash Flow Statement
